

EXPECTATIONS FOR COACHES

As an Amplify coach, I agree to the following terms:

- ✓ I will be available to meet with the ministry Executive Director in coaching sessions for a total of 10 hours over a 5-6 month time frame.
- ✓ I will be on time and present during coaching sessions, ready to share my knowledge and expertise with humility.
- ✓ I will facilitate a breakout session the night of the presentation, leading a small group of business leaders in brainstorming ideas and connections for the ministry. I will take notes and provide a detailed summary to Amplify staff.
- ✓ I will be available to attend the follow-up AMP Session date (typically one week following the presentation) to dive deeper into the feedback collected at the meeting. I will assist the Executive Director in identifying the next steps and setting up an action plan with accountability.
- ✓ I will check in with the ministry Director and offer ongoing support where needed in the 3 months following the AMP Session. (You will have an optional opportunity to serve as an ongoing mentor.)
- ✓ If asked, I will share a progress update with Amplify partners via a short video or in-person at an Amplify meeting 3-6 months after the presentation.
