

COACHING PROCESS

FOR MINISTRIES

The coaching process at Amplify will not only prepare you to deliver a presentation that results in big ideas and connections, but it will also provide you with valuable insight through a 360-degree look at your ministry.

Coaches are Christian business leaders, selected thoughtfully for your ministry and come to the table with humility, a genuine interest in your organization's success and expertise to share. You will learn, be challenged to think differently, identify opportunities for growth and have some fun along the way!

Ultimately, we want you to emerge at the end of this journey with increased clarity and actionable items you can implement to propel your organization to the next level.

Together we can amplify impact!

Coaching Overview:

The coaching process consists of six sessions held over a five-month time frame.

Session #1: 8 Weeks before your Presentation, 2 hour meeting

Session #2: 6 Weeks before your Presentation, 2 hour meeting

Session #3: 3 Weeks before your Presentation, 90 minute meeting

Session #4: 1 Week before your Presentation, 30 minute meeting (As Needed Basis)

Amplify Presentation

Session #5 (AMP Session): 1 Week following your Presentation, 60 minutes

Session #6: 3 Months following your presentation, 90 minutes

Details about each session can be found on the following pages.

Coaching Session #1

2 hours, approximately 2 months prior to presentation date

The first session is designed to help your coaches get to know your organization! They will listen as you share about your mission, programming & needs. They will also ask great questions, helping you gain insight and clarity in identifying your greatest challenge/opportunity.

Preparation: Complete the following homework prior to the first session. You can share information in a PowerPoint or verbally with well written notes.

1. **Tell your background/origin story:** provide an overview of what circumstances led up to the founding of your organization.
2. **Summarize the current situation:** provide important background facts and info, unmet needs for the service you are providing, data that helps us understand the current need and landscape.
3. **State the idea:** Explain what you are doing simply and concisely. Here is where you can also state your mission.
4. **How it works:** Explain your “program model.” What steps/tactics have you/are you taking to bring your idea to life.
 - Discuss financials/business model
 - Discuss events
 - Discuss current resources
 - Target market
 - Discuss timeline-past present future
5. **Restate/identify the “key benefits”** of your organization or mission or what you are solving for.
6. **Define your need:** What is the critical next step(s) you can identify you need in order to move to the next stage or growth or an obstacle to overcome or an opportunity. What keeps you up at night?

Coaching Session #2

2 hours, 5-6 weeks prior to presentation

The second coaching session is designed to help refine the “ask” you will be making to the Amplify business partners. Your coaches will work with you to ensure your challenge is not too broad or narrow and one our network is equipped to support with valuable ideas and connections. Coaches will also hear your presentation and provide practical feedback during this second session.

Preparation: Prepare a PowerPoint presentation no more than 15 minutes long to share during your session. This will serve as the foundation for the presentation you share at the bi-monthly Amplify meeting.

1. Incorporate the suggestions and ideas provided during your coaching sessions while you cover the following:
 - a. Origin story
 - b. Important data/statistics outlining the problem and solution your organization offers
 - c. Mission slide and overview of what your organization is doing.
 - d. Program model slide(s)
 - How do you operate
 - Financials
 - Timeline-what have you done, are you doing, will do
 - e. Identify and describe your current challenge/opportunity
 - f. The ‘strategic ask’ slide: What do you need in order to move to the next stage of your growth?

2. General Guidelines:
 - Make sure you incorporate lots of pictures!
 - Consider including a short video to show the impact of your work (client testimonials tend to work best).
 - Limit the amount of text on each slide, providing lots of white space. You don’t want people reading your power point. Use the note section within PowerPoint to contain your detailed notes/script.
 - 8-10 slides is a good number to aim for.

Coaching session #3

90 minutes, 3 weeks prior to presentation

The third coaching session is focused on giving you space to practice and make final adjustments to your presentation.

Preparation:

- Prepare final power point presentation-15-minute max!
- Incorporate feedback from last coaching session
- Practice your presentation several times for energy and timing

Coaching session #4

30 minutes, 2 weeks prior to presentation

The fourth coaching session is held on an as needed basis if there are final issues to discuss.

Coaching Session #5 (AMP Session)

60 minutes, 1-2 weeks after Amplify presentation

The AMP Session is a one-hour meeting approximately one week after your ministry presentation. Coaches and other interested Amplify partners gather to discuss the summary report generated from the facilitated brainstorming sessions. You are encouraged to lead the meeting, beginning with any questions the report created, discussing additional thoughts/ideas and finally narrowing the conversation down to identifying tangible next steps in working toward addressing the challenge issue and moving toward the next stage of growth for your organization.

Preparation:

- Review the detailed summary reports provided to you after the presentation.
- Identify questions the report created along with the ideas and connections you would like to explore in more detail.
- Consider what steps you might take in the next 90 days and be prepared to discuss a 90 day action plan during the AMP Session.

Coaching Session #6

90 minutes 3 months after presentation

The final coaching session will provide time for you to reflect and check in on your action plan. As you reflect on what is working and what hasn't worked, coaches will help problem solve, identify key next steps and assist you in writing a revised action plan to guide the next 90 days.

Preparation:

- Reflect on the progress you have made over the past three months in addressing the challenge/opportunity you presented.
- Bring a list of things that are working and not working

Ongoing Support: Mentorship

You will be offered a mentor (preferably one of your coaches) to continue meeting with on a consistent basis for support, encouragement, accountability and direction.
